INFORMATIONAL MESSAGE

International Scientific and Practical Conference:

«ULYTAU-the cradle of metallurgy of Kazakhstan» (May 18-19, 2023)

Dear colleagues!

We invite you to take part in the International scientific and practical Conference «ULYTAU-the cradle of metallurgy of Kazakhstan», dedicated to the 110th anniversary of the birth of the Honored Scientist of the Kazakh SSR, corresponding member of the Academy of Sciences of the Kazakh SSR, Doctor of Technical Sciences, Professor Ibrahim Abylgazievich ONAEV, one of the brightest and outstanding founders of the Kazakh metallurgical school, who contributed a significant contribution to the training and education of scientific and engineering personnel for the economy of developing industrial Kazakhstan

At the plenary and breakout sessions of the conference, the key problems of the mining and metallurgical complex (MMC) of Kazakhstan will be analyzed, specific mechanisms and qualitative measures for the transformation of the resource concept of the MMC development into a scientific and innovative concept will be proposed.

The work of the conference is planned in the following sections:

1. Mining engineering
2. Metallurgy and mineral processing
3. Environmental safety and labor protection
4. Service technologies in the mining and metallurgical industry

Within the framework of the Conference, it is planned to hold:

1. Round table dedicated to the 110th anniversary of the prominent scientist, academician I.A.Onaev.

Form of participation: online, offline.

The publication of the proceedings is planned after the conference in electronic form on the university's website. Materials with a volume of at least 4 pages must be designed in accordance with the requirements (Appendix 1) and sent to the appropriate section of the conference by e-mail (Appendix 2).

The Organizing Committee reserves the right to reject reports that do not meet the requirements on formal grounds.

Applications (Appendix 3) for participation are accepted until April 17, 2023.

Reports (in Kazakh, or Russian, or English) are submitted to the Conference secretariat by **April 25, 2023** in the form of an electronic copy (by e-mail attached file or on a USB flash drive in **MS Word format**)

REQUIREMENTS FOR SUBMISSION OF MATERIALS TO THE CONFERENCE

The following requirements are imposed on the design of reports: The volume of the article, including the list of references, tables and figures with captions, annotations, at least 4 pages of printed text. The maximum number of pages should not exceed 5 pages of printed text. The file name must begin with the surname of the first author in Latin (for example, Ergaliyev.doc (rtf)); The pages of the report should be numbered.

The title of the report should be succinct and accurately determine the essence of the material, then the initials and surname of the author (s), information about the authors (place of work, country, city) are indicated.

The "*" mark is made about the author for correspondence.

The abstract is given at the beginning of the text in the language in which the report was prepared (100-150 words). The abstract is a summary of the content of a scientific work, giving a generalized idea of its topic and structure.

Keywords should provide the most complete disclosure of the content of the report, 5-7 keywords /phrases.

The text must be typed in the Word program of any version, sent by e-mail to the secretary of the specifically selected section. The font of the text is Times New Roman, A4 paper size (210*297 mm), the size of the pin is 12 pt. The line spacing is single. Width alignment. Paragraph indentation - 1.25 cm. Fields top - 2, bottom - 2, left - 2, right - 2. In tables, figures, formulas there should be no discrepancies in the designation of symbols, signs. Drawings should be clear, clean. The number of formulas in the text should be minimal. Formulas should be typed in the appropriate editor (for mathematical and chemical formulas). Tables should be titled, it is not allowed to have empty graphs in them. Abbreviations and symbols should be explained in the note.

If available, you can specify gratitude (Acknowledgements).

The list of references is drawn up in accordance with GOST 7.1–2003 "Bibliographic record. Bibliographic description. General requirements and rules of compilation".

The summary in Kazakh and Russian (if the article is written in English) should consist of the title of the article, the full name of the author(s), annotation and keywords.

Schematic example of article design

In the center are given:

Title of the article

Initials and surname of the author/s (e.g.: K.A. Ergaliev, Zh.N. Adilzhan)

The full name of the institution that the author represents (indicating the country and city). If the authors are from different institutions, then the correspondence between the author and the institution is established by superscript indexes, for example, K.A. Ergaliev ¹, Zh.N. Adilzhan ².

¹Satbayev University, Kazakhstan, Almaty

² Institute of Gorenje Problems, Kazakhstan, Almaty

*The author's email address for correspondence.

Annotation.

Keywords.

The text of the article.

Gratitude (if any).

Literature.

At the end of the article there is a translation in the other two languages (in turn): the title of the article, the full name of the author(s), annotations and keywords (font size is 2 pins smaller than the main one)
