

Instructions for students and applicants at the university entrance

From June 8, 2020, there will be allowed a limited entry for students and applicants to the university to receive or submit the original documents at admission, expulsion or transfer to or from other educational institutions under quarantine conditions, subject to the following instructions:

- 1) Before entering, put on a protective mask covering your nose and mouth. Don't take it off while you are at the university.
- 2) Entrance is held just for one student (applicant) at the work window. The other people should keep their queue and stay outside the building with a sanitary distance of 2 meters.
- 3) Strictly comply with the requirements of DPC employee who regulates entry, do not argue and clearly follow their instructions. You may be denied entry to the university if you have a fever or other painful symptoms.
- 4) After entering the building, treat your hands with a sanitizer.
- 5) Go to the window where the university employee will direct you.
- 6) After submission (reception) of documents, you must immediately leave the building as indicated by the arrow.

Applicants are only allowed to enter into the Main Enclosure. Students are only allowed to enter into the Office of the Registrar. One of the parents is allowed to accompany a minor child.
